

Bundeena RSL SHIELD

A new competition will be run in 2018 for the Bundeena RSL Shield. This competition will be run incorporating three grade shoots from the MRCA calendar. One Shoot from each distance of 100m, 200m and 300m will be used.

In order for the competition to be competitive across all grades a handicap system will be used. Based on your grade a handicap will be added or subtracted to your score on the day as follows:-

GRADE	HANDICAP
Master	- 5
A	+ 5
B	+ 15
C	+ 25
D	+ 35

This means that each shooter in each grade who shoots middle of grade will effectively score 90.

The handicap scores from the three shoots will be averaged out to determine the winner of the Shield for the year.

This competition will not affect your normal grade score for each of the matches.

The following matches are planned to be used for the shield competition:-
