Sat, 5-Jul-25	14:00 - 16:30	Scots College		

Range Operations - Compliance with ANZAC Range Safety Rules (RSRs) Required

Range Officers (RO)	The Three Bays in the Horseshoe are considered separate ranges, and must have their own qualified Range Officer (RO) present.
Range Flags	A Red Flag is to be displayed on the Entry Gate at all times that the range is operating.
RO/CSO Radio	The RO for each bay is to have radio set to the Safety Network, to advise the CSOs of the Bay's opening, closure and any incidents.
Range Lock-Up	The last range user in the afternoon, is to remove the red flag at the gate and lock the range on departure.

Range Etiquette

1. As the allocated time is NOT as generous as previously, users need to ensure that they set-up and take down their bay within their time allotted, so they do not impact the follow-on group.
2. Each bay user should have their own targets and target stands, the use of another range user's equipment is not permitted without the other range user's consent.
3. Should a bay NOT be in use, it can be used by others, but must be relinquished if the assigned bay user arrives to use the bay.

Cancellation of Booking

If Your Club does not intend to use their assigned bay on a particular date or dates, can you please advise Andrew Kerr andrewkerr@bigpond.com in advance so that the bay can made available to other range users.
